OMAHA BEATS DOANE COLLEGE BY 6-0 SCORE

GORDON WAS THE STAR OF THE FRAY

Omaha's Football Jinx Is Finally Dethroned After a Rule of Two Years

The football hopes of Omaha University took a decided rise last Friday when the team went through Doane College for a 6-0 victory. In spite of the fact that the student representation was "too cold" to cheer to a very great degree, the boys played a fine game. They were right there with all the fight in the world.

It must be conceded that Gordon was the star of the fray. Slater was punting in excellent form, and Caldwell was going good despite a dislocated shoulder. Poucher filled the fullback position to a nicety. Shurtleff's tackles were very creditable. The line showed up great on the offense, but still needs practice on the defense.

Doane put up a good fight. Both teams made several long gains. Aerial work helped Omaha considerably.

The game by quarters follows:

First Quarter

Doane received kickoff. Doane made first downs. Failed in attempt to drop kick. Doane made two more consecutive first downs, and tried a pass. Poucher intercepted it, and was downed on Omaha's 20-yard line. Caldwell went through for 10 yards. First downs. Gordon through for 6 yards. Slater punted to Doane's 35-yard line. Doane's ball. Parker of Doane thrown for loss. Quarter ends.

Second Quarter

Doane punted. Omaha's ball on its 40-yard line. Gordon passed to Caldwell for 30 yards and first downs. Pass from Carlson to Gordon failed. Doane got ball on its 13-yard line. Punted for loss of 5 yards. The ball changed hands several times at this point. Finally Gordon broke through by fake play for touchdown. Missed try-for-point. Doane was getting well along toward Omaha's goal posts when the half ended.

Third Quarter

Doane kicked off. Martis recovered ball on Omaha's 40-yard line. In the next two plays, Gordon made 18 yards and first downs. Caldwell through for 5 yards. Doane offside. Four-yard gain by Gordon. Caldwell through for 2 yards. Pass, Carlson to Gordon, failed. Doane penalized to its 12-yard line. Doane's ball. Failed to make downs. Omaha's ball on Doane's 4-yard line. Pass over line fails. Doane's ball on 10-yard line. Gains 5 yards. A. Alf through for 2 yards and downs. Taylor made 33 yards on off tackle play.

Fourth Quarter

Taylor of Doane through for 20 yards. Pass, Taylor to Bayer, for another first downs. After another gain, ball was on Omaha's 3-yard line. Doane offside, back 5 yards. Doane fumbled. Shurtleff recovered on 12-yard line. Omaha punted to

STUDENT TALENT AT Y. W. CHAPEL

The Y. W. chapel Tuesday was devoted entirely to student talent. Hilma Petersen opened the meeting by reading a letter concerning the sending of delegates to a convention to be held at Lincoln Friday and Saturday, October 15 and 16. The appointed delegates are: Hilma Petersen, Mary Boyland, Santy Welch, June Gilbert, and Dorothy Riddle.

Miss Helen Wiesner opened the student talent program with a piano solo. This was followed by a vocal selection by Annunciata Garrotto, accompanied by Margaret Carmichael.

MARRIED COUPLE ATTEND OUR UNI

Mr. and Mrs. M. G. Van Dyke Only Wedded Pair at Uni This Year

"We're perfectly nutty about married life," assert Mr. and Mrs. Maynard G. Van Dyke, only married couple attending Omaha Uni together this year. They have been married for seven months and seven days of perpetual bliss.

Mrs. Van Dyke, an attractive little 21-year-old brunette, was Miss Lillian Garrett of Beatrice before her marriage. Her father, B. R. Garrett, is coach of Beatrice High School. She graduated from Beatrice High, took two years at Wesleyan and also taught in Beatrice.

"I am a twin," she dimpled adorably, "but Maynard seemed to like me best. He cut off the legs of my frog for me in biology 'lab' back at Wesleyan, and it was love at first for both of us.

"I am going to be a teacher of music and art. I just love my violin and piano studies. Maynard loves music, too, both listening to me and singing and leading choirs. He took for some time from the greatest choir director in America, Bernard Bronson.

"There are twins in both of our families, so I am anticipating a large family of twins some centuries hence. I intend to teach for a while first though.

"How do I manage him? With tears, hair-brushes—applied science—he calls it, and music. He's really easy to take care of."

Mr. Van Dyke's favorite subject is history; Mrs. Van Dyke's music. Their mutual hobby is music also. Hers her violin; his choir directing.

They are both well-known in the school and have a large circle of friends. They are together in most of their classes and wait for each other when they are not. Both have dreamy eyes and strong personalities.

The head of the family, a blond young philosopher, of twenty-two, is also enthusiastic about married life.

"What do I like about her? Heaven knows. But, you see, one day, going through a pasture, I saw a cow with

U. OF O. ENTERS THE STATE DEBATE LEAGUE

Omaha University has undertaken a more extensive debate schedule this year than ever before. It has entered the State Debate League, of which all but Nebraska University and Creighton University are members, and women of the college will be admitted to the debating field for the first time. Twenty students have signed for the work.

The following is the tentative schedule for the public debates to be given:

February 5—Peru Teachers' College (dual debate).

February 12—Cotner College (dual debate).

February 18—Nebraska Wesleyan (single debate); at Lincoln.

March 4—Kearney (dual debate).

In prospect are single debates with Chadron Normal and Tarkio, Missouri, and duals with Doane and Midland colleges.

The debate subject of the year has not yet come from the national honor society of debating, Pi Delta Kappa.

GUESTS OF DR. SCHWARTZ VISIT UNIVERSITY

Rev. and Mrs. K. J. Stratemeier of Glenville, Nebraska, visited the University of Omaha, Wednesday, as the guests of Dr. Schwartz. They both graduated from Dubuque, where they met each other.

"Omaha University is certainly a fine school," remarked Rev. Stratemeier. "There is an excellent class of students."

Then, very irrelevantly, he demanded of the reporter if she expected to meet her affinity in college, as he has. She hastily excused herself and the interview was at an end.

PEPPY FOOTBALL CHAPEL LAST FRIDAY

The peppiest chapel that Omaha Uni has seen in a long time. So say the students and faculty attending the Friday chapel. The spirit of a winning team seemed to pervade everyone.

The program was opened by a quartet of masculine songsters—Joe Holston, Cliff Hansen, Lloyd MacGraw, and Floyd Hansen. Their selections were roundly applauded. Alberta Elsasser, a talented newcomer, gave a very humorous sketch of a man, a woman, and a mouse. It certainly can't be a very pleasant sensation to feel a little mouse running around in your pantaloons. Reuben Krogh emphasized this fact in his speech.

Sherman Pinto, new manager of athletics, was called upon to give a speech that undoubtedly was the surprise of his life. He compromised by calling the football team to the front and asking Krogh and Prather to express their erstwhile sentiments.

Krogh and Prather both agree that we have a fine team this year. "Bet-

FORT OMAHA SITE STILL POSSIBILITY

Idea Is Not a Closed Project. Building Could Be Used as Temporary Quarters

The idea of the University of Omaha acquiring Fort Omaha is not a closed project, as silence upon the subject leads to belief. Judge Howard Kenedy, W. F. Baxter, Al Gordon, and W. T. Graham, all of the University board of trustees, and Major-General George B. Duncan, retired commander of the Seventh Corps area, have been chosen to further the plan. They are to draw up a bill for the transfer to be presented at the next session of Congress.

With any other disposal of the fort, the valuable buildings would have to be wrecked, and the ground graded and cut through at great expense. If the University acquired the tract, it could remain an unbroken campus setting for future buildings.

Then, because abandonment of the fort would mean destroying the buildings, the University is privileged to offer a price covering only the value of the eighty-acre tract itself. Prevention of the waste would also mean the University securing temporary college building.

"If Omahans would become as interested in the University of Omaha as the people of St. Louis are in Washington University, a great institution would be the result," Judge Kennedy said. "In fact, all American colleges would be much the better for a showering of attentions upon them that is now spent on pugilists, bathing beauties, etc. When will intellect stand shoulder to shoulder with brawn, in American opinion? We should begin to pay teachers a salary that is not beggared when placed besides that of a football coach."

The University of Omaha is striving to acquire the endowment, with required interest, prescribed to bring a university under the beneficences of the Rockefeller Foundation.

As an encouragement towards this end came a recent judgment allowing the University a \$50,000 endowment claim from the estate of Mrs. Lillian M. Maul, builder of Jacob's Hall. It was granted on the fact that Mrs. Maul had paid to the University interest on the note, designated as endowment, and separate from her will, since 1919.

ter than last year, anyhow," says Ben. Ben also mentioned the fact that Doane college has a perfectly lovely seven-foot center. It is said that special accommodations had to be made before he could get to Omaha.

The Y. W. girls sold ribbons outside of chapel. "Only 15c—show your school spirit by wearing your school colors," was their cry. And it is sufficient to say that they sold them.

And that will be all—the favorite phrase of Dr. Vartanian.

LEGION AND PROHIBITION

Most of us had a keen time during Legion Week. It certainly reminded us of ye olden days, didn't it? One of the best times we ever had was to stand on a street corner and watch the sight go by. My, but people act queer when they are intoxicated!

But after all, wasn't it disgusting at times—especially when we saw women tipping the bottle to their lips and enjoying it?

What was the matter? We intentionally put away from our minds the fact that there was a law against the selling and drinking of alcoholic liquors. Who was to blame? No one in particular—everybody in general.

After three or four days of this "forgetfulness," we are again raiding stills and arresting drunks.

CLASSROOM ARTISTS

What do you think of these classroom artists who while away their recitation periods by placing their marks or remarks upon the arms of the chairs they occupy?

When you are studying at home, you don't take out a knife and start cutting up the table at which you sit, do you? Indeed not! There are many new classroom chairs in the building—the others were varnished last summer. They were NOT gone over in order that you might have a clean slate to draw upon.

If your fraternity or sorority is the best there is, it doesn't need to be advertised on the furniture. The fact that you happen to occupy a particular chair at a certain hour does not warrant your branding it as if you owned it, because you don't.

Can't we at least keep our school furniture in a respectable condition?

BE YOURSELF

Do you recall Harold Lloyd in "The Freshman," and how you enjoyed it? And didn't you feel sorry for him when he learned that he was the college "joke" instead of its hero, as he had been wont to believe? We all did.

Now don't be so foolish as to think that this editorial applies to you. It is aimed at no one in this University. But you may remember it if in the future you feel yourself slipping into Harold's footsteps.

See yourself as others see you. A stage comedian could never hope to become the President of the United States. Who of you would care to entrust the affairs of this country to a man whom you had watched going through his silly antics behind the footlights?

If you want to be taken seriously in college, be yourself, and not someone in your fancy. Besides, there isn't always a football game that you can win in order to put yourself in the good graces of your fellow students.

"THE GREEKS"

GAMMA SIGMA OMICRON

On Friday, October 2, the sorority held its formal pledge dinner at the home of Merriam Rau. At this time, six pledges received their pins. Fourteen girls were present.

The Gammas have an up-and coming bunch of pledges this Fall. Just to prove their efficiency, they engineered a splendid party for the actives and their "dates." This affair was given Friday evening, October 16, and was a Gypsy hike. Two buses carried a merry crowd of forty people far into the wilds of the state, where camp was pitched. A wonderful camp-fire dinner with all the usual and unusual "eats" cheered all. Luscious pumpkin pie was the 'piece de resistance,' and will carry the fame of the Gammas far.

Plans for a Hallowe'en party are stepping right along.

PHI DELTA PSI

The Phi Delts had a Kodak session after the regular business meeting at Kae Parker's home Saturday afternoon.

Ask Lucille Carson for a demonstration of plaid hosiery.

SIGMA CHI OMICRON

The Sigma Chi Omicron sorority held a meeting of the active members Sunday afternoon at the home of Margaret Carmichael.

KAPPA PSI DELTA

The regular sorority meeting was held Sunday at the home of Betty Sowell.

Dolores Partch, an alumna, visited several of her sorority sisters here this summer. She has now returned to her home in California.

PHI SIGMA PHI

The Phi Sig hike which was supposed to be Saturday night, Oct. 2, turned out to be a most enjoyable house party at Reuben Krogh's. Everyone seemed to like the ride home with the milkman.

The Fraternity held its last meeting at the home of Reuben Krogh's, where formal pledging took place.

The Bunch gave a party after the Doane game at Prairie Park Hall. Music was furnished by "Nig" Richardson's Royal Purple Orchestra. A fine crowd attended.

THETA PHI DELTA

It causes great joy in the Theta Camp to announce the pledging of two more men, Damon Martis and Floyd Hanson.

That wise crack in the last issue of this noble sheet about the "hanging of pledge pins and spiking" reminds us of the age-old saying that people who live in glass houses should undress in the basement.

The Theta hike planned for last week was postponed until a later date.

ALPHA SIGMA LAMBDA

Carl tried his best to break a chair with a loud crash in chapel Thursday but shucks! It just wouldn't crash. He doesn't usually act up, but then Milly wasn't there that day.

Have you a slicker? Then you need a monogram—individual—classy. See Mac for further details.

It's remarkable how some of the Thetas are seeing the light. Sherman Pinto was one of the first to wear the red and black football booster

ribbons. Someone saw them and yelled, "Where didja get them?" Right back came the answer, "Pledged Alpha Sigma Lambda." Congratulations are in order.

Our bid to the Phi Sig party Friday night got passed around considerable. Carl spoke up proudly, "Got a date." "Stine, got a date?" "Pep-per, got a date?" "Vest, got an engagement." (Ed. note: Not a date.) "Well," said Mac, grabbing it, "I was planning to show her how to make fudge, but—!!"

INDOOR ATHLETICS
WELL UNDER WAY

The adherents of the venerable game of Chess are once more pushing forward their claims for attention. Both a chess and checker tournament are soon to get under way.

Although it appears that not quite as much chess is played at the University as in former years, yet there seems to be plenty of good material. Last year's champion, Lester Meek, is very enthusiastic over the prospects of match games with Creighton University and the various high schools.

Not as much is known about the quality of the Checker players. A fairly large number of students have signed up for the tournament. All those interested in either checkers or chess are urged to turn in their names to John Kuhn immediately, so that the tournament drawings can be made up.

If you feel somewhat rusty about these indoor athletics, why not begin to practice? You will find both checker and chess men in The Gateway office.

Heard in French Class

Mrs. Vartanian:—Mr. Kuhn, count from 1 to 15.

Mr. K.—Une—a,—deux, trois—

Mrs. V.—Mr. Kuhn, have you ever heard mass in a Greek church? You sound just like one.

Can You Tell?

When the English tongue we speak, Why is "break" not rhymed with freak?"

Will you tell me why it's true We saw "sew," but likewise "few." And the fashioner of verse Cannot cap his "horse" with "worse?" "Beard" sounds not the same as "heard."

"Cord" is different from "word"; "Cow" is cow, but "low" is low; "Shoe" is never rhymed with "foe." Think of "hose," and "dose," and lose";

And of "goose" and also "choose." Think of "comb" and "tomb" and "bomb";

"Doll," and "roll" and "home" and "some";

And since "pay" is rhymed with "say."

Why not "paid" with "said," I pray? We have "blood," and "food," and "good,"

"Mould" is not pronounced like "could."

Wherefore "done," but "gone," and "lone"?

Is there any reason known?

—Exchange.

"I don't like your heart-action," said the medical examiner. "You've had some trouble with angina pectoris."

"You're partly right, doctor," said the applicant sheepishly, "only that ain't her name."—College Humor.

GATE CLICKS

The world has long been waiting for the sunrise. Likewise, the world has been waiting for an insight on the middle name of our campus Adonis. He boasts that no one knows it. Stand aside, girls, it is Homer Womersley Schleh.

We notice the mention of Joe Houston's name in the 1917 Annual. Looks as if Joe likes the old school, doesn't it?

Whoever wrote that interesting story about that good-looking sophomore necking instructor omitted the fact that he has a business partner to give lessons to the boys. She, being a junior, has an extra year of experience; and, according to rumor, "knows her stuff." However partial she may be to Phi Sig pledges, Theta and Alpha Sig applicants will be given due consideration.

We would like to know what Ruth Fraser was doing at the Hotel Rome at night during the Legion convention.

Why doesn't Bob Clary grow up and get over his childish habits?

Gooswald wishes that Foshier would hurry up and "educate" some of the Kappa pledges.

GOSSIP

Fred Schneider—Gee, there are some dizzy women out here.

A young gentleman arrested the attention of Margaret Seidl last Wednesday morning to such an extent that she did not think of her 8 o'clock French class until it was about ready to dismiss. It is rumored that a "case" is developing quite rapidly. The Gateway will offer a chiffon eardrum to the person revealing the identity of the missing link.

Kathleen Prather in history class—I never can remember these old dates.

Fred Schneider—I sure would like to know how old you are.

Maurice McMasters has been industriously practicing the art of expectorating on his upper lip so that he will be able to extinguish any fire that might break out at that spot.

William Rathman says that on his farm at Blair there is so much mud that they have to jack up the cows in order to milk them.

A fishing smack is not a kiss, but folks fish for them anyway.

Paul Jenkins has petitioned The Gateway to be his spokesman. Bashfulness, he says, has kept him from asking Cecilia Schultz for a date. The said desires originated when it was discovered that Cecilia is the "power that is" when it comes to correcting German papers.

Ben Shurtleff has been looking over the school for prospective candidates in the "Spanish athlete contest." He does not wish to be the only one to enter the race.

C. O. W. Stromberg, organier of

the proposed "Anti-Woman Association of America," has at least found his ideal one. Carl has sought far and wide, finding the faults of each girl through actual experience, but not until now have we noticed the expression of blissful content and happiness written on his face. He seems to be walking in the seventh heaven. As far as that goes, Billy Hofius looks far from being unhappy.

And Ben Prather is still going with Helen. Can you detect anything wrong with that picture?

The reporter has noticed that the Sig Chi's are giving the Phi Delt's a "neck-and-neck" race for the exclusive favor of the Thetas. The powerful Sig Chi offence, led by Louis Rathsack, is determined to win its "case." Dorothy Anderson seems to be the leader in forwarding the Phi Delt claims.

Say it with flowers. Poor Windy Bonham. We certainly sympathize with him. His girls will not even allow him to indulge in his beloved game of chess. Every day at 12:30 our hero is informed that his activities at school must cease then and there. It may be said, however, that Windy bears up cheerfully under his burden. You'd give up chess, too, if you could be the one and absolute necessity in the lives of about five good-looking Omaha Uni flappers.

Helen Judd wouldn't give Dean Doyle her Gateway, so he took a fence.

Mrs. Weber: "During the Middle Ages the barbarians acted like some of the men that were here during the Legion convention. I saw them spank one girl as if she were their sister."

Clea Bess Thornton is very anxious to get the present address of William Christy. He forgot to put his new address on his last letter. Will someone please give her the necessary information?

Notice to all girls who like to drink tea: There is the coziest little place ever, ust opened up on 24th and Manderson, where you can drink tea and chat with your friends, and eat all kinds of food which is guaranteed "home cooked." The two ladies who are operating this "Boon to Overworked Students" just fit in the picture—they're homey and neat and awfully comfortable-looking souls.

Everyone is calling Elaine Clary "Sugar." That is only natural. You know, little girls are made of "Sugar and spice and everything nice."

Clare Goodsell can tell the weirdest tales of how he got held up by a robber—almost.

Isn't it inspiring to see what some of our plucky boys will do to get an education? Now Fletcher Slater is taking Methods in a class of fifteen girls, and he the only man!

FRESHMAN GIRL GIVES FINE BIRTHDAY PARTY

On Thursday evening, October 15, Helen Osterholm, "Ostie," gave a thrilling party at her home. The occasion was Ostie's birthday, but she didn't tell the guests that until a beautiful cake was brought out, with candles, 'n fixin's.

A treasure hunt, which took the willing victims all over North Omaha engaged the attention of the gang for an hour or so. Les Meek and Florence found the "tin soldier," which was full of "Semi-annual suckers." The next thing was a camp fire in the backyard, plus weinies, buns, etc.

Favors were cocky orange caps, and no one complained of starvation. C. O. W. Stromberg was as romantic as ever, and everybody looked beautiful under the light of the fire.

Burnt marshmallows and gollywogs added to the joy of the guests. Next time Helen gives a party, the whole school will be fighting for "invites."

The "Who's Who" included: Alberta Elsasser, Daisy Hansen, Florence Seward, Carl Stromberg, Harold W. Allen, Volcott Swift, Lester Meek and "Doc" Welch.

Mr. and Mrs. Osterholm were the splendid hosts to the party.

The Van Dykes live at 7, Charles Apts. So far, the neighbors have not complained about disturbances, but there is imminent danger every moment. All the parents of the young couple were enthusiastic about the marriage and showered the pair with blessings. The ceremony took place in Missouri Valley, from which city Mr. Van Dyke comes.

Mr. Van Dyke's father was once prime minister to Queen Wilhelmina of Holland, but after refusing to join the Dutch Reformed Church, he came to America, took degrees at Harvard and Princeton and became a minister.

The Van Dykes recommend marriage as a seventh Heaven to all aspiring students. Each admits that the other has faults but even these "lean to virtue's side."

"He's bossy," said she, "and not as tall as my ideal used to be, but I rather like him, anyhow."

"Billy's awfully cute," admitted he; "suits me, anyhow." And both then chorus: "'Ray for our side!"

OMAHA UNI NURSERY RIMES

Old Mother Hubbard went to the cupboard,

To get her poor doggie a bone.

But when she got there the cupboard was bare,

Just like a lot of our co-eds.

Jack and Jill went up the hill

To get a pail of water,

Jack fell down and broke his crown,

So Jill had to be May Queen all alone.

Jack Sprat could eat no fat,

His wife could eat no lean,

And so between the two of them

They ate a terrible amount of bacon.

Old Kink Cole was a merry old soul,
And a merry old soul was he.

He called for his pipe and called for his bowl,

And he joined the Bowling team at once.

Mary had a little lamb,

Its fleece was white as snow,

And everywhere that Mary Went.

She fleeced the boys also. (The little dickens!)

JOKES

At the Zoo

Now I'm all alone.

A minute ago

I was standing here

Watching the little monkeys,

And a very pretty girl

Was standing in front of me

And just when one of the

Monkeys made a move

Towards her

She suddenly screamed

And fell backwards

Right into my arms—

She hesitated for a moment there.

Then said,

"Oh, that little thing

Frightened me so,

I beg your pardon."

And then I said gallantly:

"Not at all. Let's go over

And watch the elephants"—

Now I'm all alone.

"He Got a Fright, Judge"

It was during the impaneling of a jury the following colloquy occurred:

"You are a property holder?"

"Yes, your honor."

"Married or single?"

"I have been married for five years, your honor."

"Have you formed or expressed an opinion?"

"Not for five years, your honor."—Ex.

Hi—What's Zeke learnin' at college?

Si—Goin' to be an engineer, I guess.

Hi—How come?

Si—Well, he said he was training.

Isn't it great how some drug-store Cowboys can throw the bull?

"There's no scents in it," said the flapper as she threw away an empty perfume bottle.

Sap (to candy clerk)—Have you got a Babie Ruth?

Head—Say, howdya know that girl's name is Ruth?
